Hacksaw Attack

ORDERING INFORMATION

Supplied with 2 keys as standard.

When purchasing more than one lock they can each have their own individual key code or share the same key code. Also available master keyed (this allows each padlock to have its own key code and one master key which will open all locks).

This literature is designed as a guide to the extensive range of CLCS products. Please contact our technical department before ordering to ensure you have the correct specification for your application.
